

# Stevie Ray Vaughan, Letter To My Girlfriend

I want to know what your doin' tonight  
Wish I could see if everything was alright  
Hold you long in my arms until it's light  
Your smilin' face would make a wonderful sight  
I want to be with ya, love with ya, eat with ya, sleep with ya, stay with me all of my life

I loved ya darlin' when ya's only sixteen  
Was the sweetest thing to enter my dream  
When we're together then my life is fulfilled  
I love you darlin' I know I always will  
I want to be with ya, love with ya, eat with ya, sleep with ya, stay with me all of my life

I close my letter but never my love  
Take it there to ya heaven above  
Get me back to you safe and sound  
The day that I leave the prisoners ground  
I want to be with ya, love with ya, stay with ya, sleep with ya all of my life
