

Stevie Ray Vaughan, May I Have A Talk With You

Well now now darlin may a have a little talk with you
Well now now now now darlin may a have a little talk with you
Because it won't be long before our true love will be through

Well now now now darlin am I right or am I wrong
Yeah now now now darlin am I right or am I wrong
Because it won't be long befor our true love will be through

You know I like my coffee sweet in the morning
and I'm crazy about my tea at night
Yeah I like my coffee sweet in the morning little girl
and I'm crazy about my tea at night
You know you'd come out a little better now baby
All I want you to do is treat me right
