

Stevie Wonder, Can We Fix Our Nation's Broken

Can we fix our nation's broken heart?
Are we brave enough to try?
Can we fix our nation's broken heart
And leave a better world behind?

'Cause if we listen to different thoughts and point of views
Oh my brothers and sisters, we don't have to lose
Humanity, we're family
So can we please fix our nation's broken heart?

Children marching on the boulevard
Tears are streaming down their face
Oh tension in the air is so bizarre
Love is gone without a trace

People pushing and shouting and fighting through the haze
And all this sadness, madness, help me take away the pain
It's gotta change, this can't stay the same
So tell me please, can we fix our nation's broken heart?

Poverty and homelessness
Can we do away with this?
All we need to is to be giving
For our daughters and our sons
There's a light in everyone
They deserve a new beginning, yeah

Will the light we share survive the dark
Or will it slowly fade away?
Will the light of good be torn apart
And swept away by crushing waves?

We've been floating alone in a dark and bitter cold
'Cause there's a growing ocean of lies that we've been told
To tear us down, but what I've found
Is with our truth, compassion and love
We can fix our nation's broken heart

Can we fix our nation's broken heart?
Are we brave enough to try?
We must fix our nation's broken heart
To leave a better world behind

We've come together with purpose far bigger than you and me
Don't have no time for hatred and negativity
It's you and me, we hold the key
So tell me please, can we fix our nation's broken heart?

Can we fix our nation's broken heart?
I know and you know
We must fix our nation's broken heart
