

# Stevie Wonder, Don't Drive Drunk

He and his wife have had problems  
That he's played off like nothing's wrong  
'Til he comes home from work early  
Just to find the girl is gone  
Oh but he gets into the cupboard  
Picks out that bottle of gin  
Drinks like there's no tomorrow  
And decides to take a spin  
No don't drive drunk  
Don't drive drunk, no  
Don't drive drunk  
Mothers Against Drunk Drivers are mad  
Teenager at a live party  
Says, "give me one for the road"  
But he's already so inebriated  
If you lit a smoke he'd explode  
But bartender says, "I don't think so"  
Young one says, "I can deal"  
Staggering out he says, "check you all later"  
But I really don't think he will  
No don't drive drunk  
Don't drive drunk, no  
Don't drive drunk

Boy out with girl on their first date  
Gets pulled over by the law  
Officer says, "hey can't you drive straight  
Or have you been drinking alcohol?"  
Boy says, "man are you crazy?"  
Cop says, "hey then walk this line"  
But results from the breathalyzer  
Proves he's charged with D.U.I.
