

Stiff Little Fingers, Closed Groove

Punctuality's a waste of time
Now nostalgia is past it's prime
History's a thing of the past
Being first will never last

[Chorus]

Beep beep I'm an answering machine
I mean to say I say what I mean
Beep beep I've got very strong views
Plug in any loop tape you choose

My one single fault is modesty
I'm changing my views consistently
Amnesia's a thing I try to forget
Who can't kick gambling? Want to bet?

[Chorus]

The case for racism is black and white
If you want world peace you've got to fight
Must do what you're told to be free
Think what you like - if you agree with me

[Chorus]

Speak whenever you hear this tone
Scream whenever you hear this tone
