

# Stiff Little Fingers, Tantalise

Well I can't lie and I won't try  
I ain't waited this long just to hide  
This could be wrong but I don't mind  
Can't disguise the way I feel tonight  
I will be there when you're calling  
I will catch you when you're falling  
You tantalise I'm hypnotised tonight

You say that this feels like a dream  
Won't deal in dreams I've put them all aside  
And I believe I've changed for good  
I feel so strong I know this must be right  
Just your presence makes me hazy  
You whip me up when I'm feeling lazy  
You tantalise I'm hypnotised tonight

And though it might seem ideal  
I worry that it isn't real  
It's on my mind all the time  
Feeling fine is that a crime?

I won't listen to the people  
Who tell me it's wrong to feel this way  
They don't feel the way I feel  
Electric shock shoots through me every day  
Now it seems my brain's on fire  
This reaction you inspire  
You tantalise I'm hypnotised tonight

Just your presence makes me hazy  
You whip me up when I'm feeling lazy  
You tantalise I'm hypnotised tonight
