Stillwater, Fever Dog

Oh-oh-oh

Fever dog Scratchin' at my back door I hear you howl But I don't listen no more

Got to spit it out
The taste of the hair
Of the fever dog
Come around again
Well that would be the end
Of the fever dog

Fever dog
CAME TO THIS BLACK CITY
I'm not surprised
youre beggin' now for six days
Got to spit it out
The taste of the hair
Of the fever dog
Come around again
Well that would be the end
Of the fever dog

Got to spit it out
The taste of the hair
Of the fever dog
Come around again
Well that would be the end
Of the fever dog

Oh-oh-oh

Scratchin' at my back door
