

# Stillwater, Love Comes & Goes

Oh, father father tell me a story  
Tell me what to do  
Oh, doctor doctor is there a cure  
For the young man's broken blues?  
And he said, "Love comes and goes  
Everybody knows  
There ain't no such thing as an everlasting love."  
It comes and goes  
Oh, darling darling I see the look  
Of sadness in your eyes  
Oh, in the morning  
Do I stay in your arms or baby do I fly?  
And he said, "Love come and goes  
Everybody knows  
That there ain't no such thing as an everlasting love."  
It comes and goes  
Love comes and love goes  
Ooh, everybody knows
