

# Sting, Petrol Head

Lay down and rest your head  
Stretch your body across my bed  
Close your eyes, I'm take you back there  
when open hearts ...  
You know me just like I know you  
Where every gospel word is true  
I'll drive this car I'll be your guide  
Just fasten your seatbelt  
Let's go for a ride  
I'll take you some place that you never been before  
A place, ... dream about more
