Sting, You Were Meant For Me

Life was a song You came along I lay awake the whole night through

If I should dare To think you care This is what I'd say to you

You were meant for me And I was meant for you

Nature fashioned you And when she was done You were all those good things Rolled into one

You're like a plaintive melody
That never lets me be
I'm content the angels must have sent you
And they meant you just for me

You're like a plaintive melody That never lets me be I'm content the angels must have sent you And they meant you just for me
