

# Stone Gossard, Unhand Me

I can't believe we're still together  
Even after all these years  
I guess you can call it civil pride  
This selfish love that I hide, yeah  
Unhand me  
Unhand me, my ego  
Unhand me  
Unhand me  
Unhand me, my ego  
Unhand me  
You put your keys to her aid  
It doesn't sit so friendly  
I guess you can call it needle-eyed  
That pointy bar just won't fly  
Unhand me  
Unhand me, my ego  
Unhand me  
Unhand me  
Unhand me, my ego  
Unhand me
