## Stone Roses, Breaking Into Heaven

I've been casing your joint for the best years of my life Like the look of your stuff, outta sight When I'm hungry and when I'm cold

When I'm having it rough

Or just getting old

Listen up sweet child of mine

Have I got news for you

Nobody leaves this place alive

They'll die and join the queue

Better man the barricades

I'm coming in tonight

Had a line of my dust, outta sight

When I wander and when I roam

I'll find a soul I can trust

I'm coming home

Listen up sweet child of mine

Have I got news for you

Nobody leaves this place alive

They'll die and join the queue, sing it

I'm, I'm gonna break right into heaven

I can't wait anymore

Heavens gates won't hold me

I'll saw those suckers down

Laughing loud at your locks when they hit the ground

Every icon in every town

Hear this your numbers up

I'm coming round

Listen up sweet child of mine

Have I got news for you

Nobody leaves this place alive

They'll die and join the queue, sing it

I'm, I'm gonna break right into heaven

I can't wait anymore

How many times do I have to tell you

You don't have to wait to die

You can have it all

Anytime you want it

Yeah, the kingdom's all inside
