

# Stone Roses, Ten Storey Love Song

When your heart is black and broken  
And you need a helping hand  
When you're so much in love  
You don't know just how much you can stand  
When your questions go unanswered  
And the silence is killing you  
Take my hand baby I'm your man  
I got loving enough for two  
Ten storey love song  
I built this thing for you  
Who can take you higher than twin peak mountain blue?  
Oh well, I built this thing for you  
And I love you true  
There's no sure-fire set solutions  
No shortcut through the trees  
No breach in the wall that they put there to keep you from me  
As you're lying awake in this darkness  
This everlasting night  
Some day soon don't know where or when  
You're gonna wake up and see the light  
Ten storey love song  
I built this thing for you  
Who can take you higher than twin peak mountain blue?  
Oh well, I built this thing for you  
And I love you true  
Ten storey love song  
I built this thing for you  
Who can take you higher than twin peak mountain blue?  
Oh well, I built this thing for you  
And I love you true
