

Stone Sour, Do Me A Favor

I am an anti everything man
a scab on the lips of the lord
my caustic - dismissal
is all I need to get you
To fall on your sword

It's easy to live fast
It's harder to live
I woke up today with a gun
Ignoring your history
is killing your past
you might run forever
if death never lasts

So do me a favor
Your behavior
Is just a reason why
There is no savior
When you're wasted
Let's face it
There's a side of you that
Knows you're a failure
Lives for the danger
Feels like an enemy but looks like a stranger

The bell has rung on the titans
everybody give us some room
Your so called set of fake morals
I can't tell the difference
Is that an excuse?

The matter at hand
is a matter of time
A sad little kid with broken toys
Your dogmatic license
Has kept you inside

What will you do?
When you're burning alive?

So do me a favor
Your behavior
Is Just a reason why
There is no savior
When you're wasted
Let's face it
There's a side of you that
Knows you're a failure
Lives for the danger
Feels like an enemy but looks like a stranger

So do me a favor
Your behavior
Is Just a reason why
There is no savior
When you're wasted
Let's face it
There's a side of you that
Knows you're a failure
Lives for the danger
Feels like an enemy but looks like a stranger

I don't mind my old,
Dead story

And I don't want to lie to you
I know my glory
Will never be the same as truth
By now my only
enemy is you

I won't go slowly
I'll leave you behind
leave you behind
leave you behind
leave you behind
