

# Stone Sour, Shaman's Fetish

Yeah

I can't remember when I first became  
I saw you glaring in my eyes  
I ran my fingers through the top of my head  
I can not live it all  
Be (?)

Oh, I know your little game  
Oh, never saw the light of day

I gave you secrets inside the coloured lies  
I hear you walk between my ears  
I still will love you, cos I'm here for you  
And even though our love - it has got me tied

Oh, another went away  
Oh, be a man (?)
