

Stone Sour, That's Ridiculous

Have I ever laid a hand on you
Did I ever make you see the truth
Don't you ever say I never cared
Don't you ever say I never cared
That's ridiculous
That's ridiculous
That's ridiculous
Have I ever made a fool of you
Did I ever make you look at me
Don't you ever say I was never there
Don't you ever say I was never there
That's ridiculous
That's ridiculous
That's ridiculous
Have I ever made you shout at me
Did I ever take advantage
Don't you ever badmouth me
Don't you ever badmouth me
That's ridiculous
That's ridiculous
That's ridiculous
You can't hold me
Don't try to hold me
You can't hold me
Don't try to hold me
