

Stone Temple Pilots, Meadow

Rise and shine
climb in time
there's something about you

do you think you can dance?
cause I'm waiting outside
fade away
and I know

sing a song
make a love
there's something about you

all I need is a chance
and I am willing to play
not a day
but on and
on and on

yes we wrong..
here in the sun
where there's nowhere to hide

...
I was finding in the meadow
