## Stone Temple Pilots, Sex and Violence

I used to love you now I don't care Now I turn around, you're everywhere So you can chew me up and spit me out You're just a little bitch I cared about I know you can see me But you don't believe me I know that you're lonely Time will tell and time is hell No sex or violence No morbid silence Forever sleeping You won't stop breathing You hold me captive and it's not fair Progressed insanity is everywhere You need to love me but you kicked me out My head is wandering so knock me out I keep my head afloat I'm drownin' in The muddy water pulls me down again I used to love me but I hate me now I'm just a little bitch I cared about
