

# Stonewall Jackson, Blues Plus Booze Means I Lose

Just last night my love said she was leaving  
I sat right there and cried until the dawn  
Then booze was added to the pain and heartbreak  
The combination equalled trouble from then on

Blues plus booze means I lose  
Not a right combination for anyone to choose  
Nobody knows the feeling till he's been in my shoes  
Blues plus booze means I lose

[ piano ]

Tonight I'm fast forgetting how she left me  
But tomorrow pain will come on twice as strong  
I order stronger booze and louder music  
Like I'm happy for tonight but not for long

Blues plus booze means I lose...
