Stonewall Jackson, We Could

If anyone could find the joy that true love brings a girl and boy We could we could you and ${\rm I}$

If anyone could ever say that their true love was here to stay We could we could you and ${\rm I}$

When you're in my arms I know you're happy to be there And just as long as I'm with you I'm happy anywhere If anyone could ever say that their true love was here to stay We could we could you and I

[steel - guitar]

When you're in my arms I know you're happy to be there And just as long as I'm with you I'm happy anywhere If anyone could pray each night and thank the Lord that all is right We could we could you and I
