

# Story Of The Year, In The Shadows

We both take the hardest punches  
and collect black eyes just to prove it  
Still we pass by just like strangers  
and we speak just like the closest enemies (enemies)

woah  
in the shadows of our lives  
we can fall into the night unscarred  
woah  
in the shadows of our lives  
we can never let it go this far

So how my words rendered useless  
still I'll pull my lip down to my chest  
Just to show you how my jaw is  
tired from waiting to say the things that you should hear  
You should hear.

woah  
in the shadows of our lives  
we can fall into the night unscarred  
woah  
in the shadows of our lives  
we can never let it go this far

After all  
we're still the same  
These empty promises  
seem to never change

Theres a smile on my face and its 2:55am  
This cramp in my wrist puts me back to sleep 'till it all comes around again...

woah  
in the shadows of our lives  
we can fall into the night unscarred  
woah  
in the shadows of our lives  
we can never let it go this far
