

Story Of The Year, Our Time Is Now

Today will be the day to start rising up and fighting back
And from this moment on we will live our lives
With open hearts and open eyes

Just keep pushing forward
We take control, we take control
Keep fighting onward
We take control, we take control
Keep pushing forward
We take control, we take control
And we will never step down

We won't fall or hesitate and from this rotting life we disengage
Can we strive to break away and stop wasting time on these insecurities?

Just keep pushing forward
We take control, we take control
Keep fighting onward
We take control, we take control
Keep pushing forward
We take control, we take control
And we will never step down

Our time is now, our time is now, our time is now
We won't step down, no we won't step down
No we won't step down, no we won't step down
We won't step down
Because our world is waiting for us to live
Because our world is waiting for us to live

So right now just keep pushing forward
We take control, we take control
Keep fighting onward
We take control, we take control
Just keep pushing forward
We take control, we take control
Keep fighting onward
We take control, we take control
And we'll never step down

Our time is now, our time is now, yeah
