Come restless sleep  
Come and lay me down and ease my worry  
Slow my mind and help me  
Help me find my release  
I am held in the prison cryin'  
On my knees prayin' I won't  
Die in this moment of grief  
Now I'm here and I'm waiting  
Won't you come and carry me  
High above so I can see  
Pick me up out of this haze  
And put your arms around me  
Come and lift me up so I can be free  
Come my escape  
Cause I try to scream I'm hearin' silence  
Beggins someone help me  
Help me find my way  
Cause I'm reachin' out in all directions  
Believin' that there's some way  
I can live in the moment alone  
So I'm hear and I'm waiting
