

# Strange Celebrity, I Can't Breathe

I turned my back on the ones I loved  
To be with you instead  
Now I'm living with a big black cloud  
Hanging around my head  
Hanging around my head  
Now I'm down in a hole  
And I'm losing control  
Is it better without you  
I can't breathe  
Everyday is the same  
It's so hard to explain  
When I'm living without you  
I can't breathe  
Looking into the mirror I can't see myself anymore  
I lost my fix on reality when I walked through the door  
When I walked through your door  
Now you're all that I know  
And I'm losing control  
I'd be better without you  
I can't breathe  
Everyday is day is the same  
Try to deal with the pain  
When I'm living without you  
I can't breathe  
(Bridge)  
Why did you choose me just to abuse  
What will it take to make my way back  
Out of your story
