

# Stratovarius, Awaken The Giant

I'm staring at the wall  
Sick and tired of all  
Manic depression makes me crawl  
It makes me small  
I need some peace of mind  
The prssure makes me blind  
The labyrinth of pain, the exit i munst find  
It's all inside of me, the answers lie within  
And all that i can win i take for myself  
I'm the one who holds the key  
To all that i can be  
My spirit yearns for truth,  
It's learning to be free

Through the years  
I was doing things the wrong way  
But now i've changed it is time to say

Awaken the giant  
Don't let it sleep  
Awaken the giant  
Look deep within

I won't give up the fight  
Until i see the light  
I won't give in  
To the gloominess of life  
The end is in my sight  
In the middle of darkest night  
I see my future's bright  
I'm reaching for new heights
