

Stratovarius, Future Shock

I saw it in a dream the day that changed our history.
I still can hear the screams swear it was no mystery.
In the heat of the blast
Houses fell down into the ground.
This happened so fast
Mankind disappeared without sound.

Now the world lives in shadow of atomic fear.
Can we win the fight for peace or will we disappear?
Future Shock

I saw it on the screen
The day that changed our lives and history.
There goes our dream
Nuked into the sky dont know why.
In the heat of the blast
Watch the beauty of the mushroom cast.
It wont take long
You wont live till the end of this song.

Now the ...
