

Stratovarius, Night Screamer

Scream at nights
But you wont be heard.
Its deep inside.
The pain within your head.
You cry for help.
The torture wont let you go.
Your mind is aching
And you cant go on.

Reaching for window.
Your execution.
The only solution.

Night Screamer

Afraid at nights.
Theres nothing to be afraid of.
Your nightmares
Wont leave you alone.
Try and think hard
Whats wrong in your life.
Try and stay cool.
Youll find peace of mind.

Reaching for window.
Your execution.
The only solution.
