

# Strawbs, Flight

I wish I were a bird  
Then I could fly  
I'd see the crowded people  
As they go by  
I'd soar into the air  
And fly as high as I could see  
Drifting through the clouds  
With no-one to bother me  
Just looking for a star  
I wonder if you are here.

I feel the loss of time  
As days go by  
And see the lonely people  
Who wonder why  
Just searching for a reason  
To reveal a secret sin  
Trying to find an answer  
To release the good within  
Just looking for a star  
I wonder if you are here.

I'll rise the early bird at dawn  
To sing my ever-loving song  
I'd come and sit beside you a friend  
Then you'll see me flying again
