Stray Cats, Slip, Slip, Slippin' In

Well I went out this evening

I left the little woman at home

Thought I would have a little fun in a style that's all my own

Well I rocked and rolled and bopped a while

Played every spot in town

Then I slipped into the hall where I'll be trouble bound

Yeah I'm slip slip slippin' in

Slip slip slip slippin' in

Baby slip slip slip slippin' in

Slip slip slip slippin' in

I'm sneakin' yeah slippin' in slippin' in

I eased up to the front door

Eased it opened wide

I made sure the coast was clear

And then I slipped inside

I was inching through the doorway as quiet as I could be

Well on came the lights and there she stood

Lookin' straight at me

Well I'm slip slip slip slippin' in

Slip slip slip slippin' in

Baby slip slip slip slippin' in

Slip slip slip slippin' in

I'm sneakin' yeah slippin' in slippin' in

Go

Well everybody knows it

It's very plain to see

That slippin' around goes hand in hand with a woman misery

Well ask me little woman

Ask me where I've been

That slippin' around is alot of fun

But oh that slippin' in

Well I'm slip slip slip slippin' in

Slip slip slip slippin' in

Baby slip slip slip slippin' in

Slip slip slip slippin' in

I'm sneakin' yeah slippin' in slippin' in
