

Stray Cats, Two Of A Kind

Well I need you as much as you need me
We belong together naturally
Now our paths are finally crossed
Now we know it's worth the cost

Baby me and you are two of a kind
Well me and you are two of a kind
We feel the same things all of the time
The best gal that I could ever find
Me and you
We're two
Of a kind

The desert highway just keeps rollin' on
The radio is playing our favourite song
Today must be our lucky day
We know our love is here to stay

Baby me and you we're two of a kind
Well me and you we're two of a kind
We feel the same things all of the time
The best gal that I could ever find
Me and you
Well we're two
Of a kind

Well

Me and you we're two of a kind
We feel the same things all of the time
The best gal that I could ever find
Me and you
We're two
Of a kind

Well

Me and you we're two of a kind
Two hearts beating right on time
The best gal that I could ever find
Me and you
Well we're two
Of a kind
