

Stray Cats, Your True Love

Your love, your love
Your true love, your love
True love baby that's what you give to me

Your love, your love
Your true love, your love
True love baby that's what you give to me

Well God made the world and he made it round
I've got my baby and I'm glad I found
You've got that certain touch
And to my baby you mean so much
You give me

Your love, your love
Your true love, your love
True love baby that's what you give to me

Your love, your love
Your true love, your love
True love baby that's what you give to me

Well love was made I don't boast
When he made you he made the most
When I found you I found that
You give me something baby
I can't forget you give me
Your love, your love
Your true love, your love
True love baby that's what you give to me

Your love, your love
Your true love, your love
True love baby that's what you give to me

Your love, your love
Your true love, your love
True love baby that's what you give to me

Well the big, the little, young and old
All need somethin' to have and hold
When I found you I found that
You give me something baby
I can't forget
I can't forget you give me
Your love, your love
Your true love, your love
True love baby that's what you give to me

Oh baby
True love baby
That's what you give to me
