

Stray Kids, Easy

I do what i want
Whatever i do or don't
I just take a rest we gonna
I go with my gut
I win easily and move on to the next round
I'll beat tchem all everyone
And get to the top

I do what i want
I take whatever i see
Whatever i do
It looks good to me
I don't regret my decision
I pick out anything ib my reach
And go let it flow

North
South
East
West
I crush tchem all
I don't care
Or what?
This is my own way
I don't care
Or what?
This is my own way
Whatever people say
So what?
