

Street Dogs, Locked And Loaded

Locked and loaded one more time
Seeing if you can read between my lines
As I sing my lover by
I keep dreaming of things to say
In one ear and it's sit or stay
I won't have it any other way

I can't do anything I want
The best times I never had
Were the dreams in my head
Let's do it one more time

TV town I'm finding out
I can have all the things that I dreamed about
As long as you keep providing it to me
Sound scan says we're doing fine
We're gonna hit the road one more time
And I'll sing my lover goodbye

I can't do anything I want
The best times I never had
Were the dreams in my head
Let's do it one more time

I dream it every single night
It's calling me
I think my future's looking bright
It's calling me
I dream it every single night
It's calling me
I think my future's looking bright
It's calling me
The contract's on the table
Now you're gonna fucking sign
Go
