

# Strife, Angel Wings

Angel wings carry me  
Show me the things I can't see  
Why am I here at all  
Angels sing  
Comfort me  
Help to end this suffering  
Why am I here at all  
In this place  
I remain heavy with regret  
Hear me screaming  
My voice is giving out  
Something has been lost  
Can it ever be found  
Is it in my head  
Is it in my heart  
This descent into emptiness  
Is tearing me apart  
Hear me screaming  
My voice is giving out  
Can't run  
Can't hide from what it's about  
Escape will take much more than I have got  
But I will break these binding chains  
I will overcome  
Hear me
