

Striker, BEST of the BEST of the BEST

If I could show you the top of the world
All of the things I've seen
Every long and winding road
All that I gave up to get what I've got
Maybe you'd understand
Why I'm never gonna stop

The best of the best of the best
We are not the same
The best of the best of the best
Cause I am not like you
The best of the best of the best

To know what it takes to get to the end
Losing it all, to fight for the win again
Playing with fire, and all that I've learned
Is to follow the flame inside that burns

The best of the best of the best
That's right
We are not the same
The best of the best of the best
Come on
Cause I am not like you
The best of the best of the best

The best of the best of the best
We are not the same
The best of the best of the best
The best there is, the best there was, the best there ever will be
You know it's true
Cause I am not like you
The best of the best of the best

F*ck the rest
The best of the best of the best
Ooo mama woah
F*ck the rest
The best of the best of the best of the best of the best of the best
