

# Stryper, My Love I'll Always Show (Original Rock

You know, I really love you  
Your love is beautiful, lasting and true  
I searched for a true love  
for such a long, long time  
Now my search has ended  
Yes, cause you are mine

(Chorus)

I'll always love you  
and I'll always tell you so  
As long as I'm with you  
My love, I'll always show

Whenever I'm sad and feeling real blue  
I begin to feel happy as I sit and think of you  
I think of your face and your personality  
You are so beautiful, you mean everything to me

I'll always love you,  
and I'll always tell you so  
As long as I'm with you  
My love I'll always show
