

Stryper, My Love I'll Always Show (Original Rock

You know, I really love you
Your love is beautiful, lasting and true
I searched for a true love
for such a long, long time
Now my search has ended
Yes, cause you are mine

(Chorus)

I'll always love you
and I'll always tell you so
As long as I'm with you
My love, I'll always show

Whenever I'm sad and feeling real blue
I begin to feel happy as I sit and think of you
I think of your face and your personality
You are so beautiful, you mean everything to me

I'll always love you,
and I'll always tell you so
As long as I'm with you
My love I'll always show
