Styx, Don't Let It End

(Bob (Aku Aku) Young)

[Tommy] I am a headstrong man With this guitar in hand I'll do my best and try To keep Styx music alive ...Keep it alive ...Keep it alive ...Keep it alive...Yeah

Don't let it end Don't let it end Don't let it end Don't let it end

[Dennis] That is a nice try Tommy, you think you're right But Styx includes us three now or it just ain't right But I will be a winner, gonna hit the road With 50 pieces, gonna lose control

Don't let it end This fits to my music Don't let it end I gotta perform music Don't let it end Just maybe, Don't let it end I'm better off Don't let it end Hey, this is fun, naaaahooooooo! Don't let it end...
