

# Subb, Five Days In Virginia

And I remember everything you said  
Do you wanna go with me, for a trip?  
We planned to go for five days in a row  
Only just you and me, like a dream  
It's over,  
Still remember,  
Those were the five best days of my life  
It's all gone,  
Only memories,  
And I know that I will never love again, no...  
And I remember all the time we spent  
Under the sun of Virginia, so in love  
I never thought that it would be the last  
Time we had as lovers, I miss those times  
I'm feeling so down  
I'm on my knees  
Five days with you  
I'm feeling so down  
I'm on my knees  
Five days with you  
Those were the best...
