

# Subb, Open Book

You want in, you want out?  
Your ranking's just beginning  
You ask me, don't ask me  
I don't know what I'm saying  
Hate tobacco, love tobacco?  
It ain't your opinion  
You wanted out, well your out  
So would you stop complaining!!!!  
You hate me, I hate you  
But I hate you more than you do  
What about love, what about us?  
That leaves me out, there's no use  
I don't think so, I don't think so  
You're just a fucking noname  
I can read you, you can read me  
We are just two open books, yeah, you are!!!
