

# Subb, Rainbows And Pop Songs

You're like a rainbow  
Straight out from a magic book  
You're like a pop song  
You really got me with your hook  
It's hard to believe  
All the times I cried for you  
It's hard to believe  
All your different kind of lies  
And I know that you'll never be on time  
Like the day you were my valentine  
And we'll pretend everything is alright  
And I'll be fine... with rainbows and pop songs  
And I know it might be wrong  
To fall for someone like you  
But what can I do?
