

# Subb, Unleaded

I'm in your car  
It keep on breakin' down on you  
But it ain't that bad...  
It sure beats walking any day, so  
I'll keep on riding it home  
I got no choice, I'm always broke  
I'm on my way  
I'll never leave the highway  
(Chorus)  
I'll take it safe  
won't have an accident today  
Any other day but not today...  
Unleaded.....!  
Passing is great  
that's just a dream in my old crate  
Big cars go by  
They must be thieve; they might be late  
My tank runs dry, near empty  
The nearest station; on my way  
I'll fill the tank unleaded  
So little gas and off I go  
(Chorus x3)
