

Subhumans, Peroxide

Peroxide girl with a false ID
Lost and lonely she can't see
Peroxide hair and burnt out eyes
Blinded by so many lies

(Chorus:)
Peroxide! Peroxide!
Because nobody cares?
What do you do?
You dye your hair

Her hair was just a boring mess
She had never known success
Saw the punks they didn't care
Walked around with peroxide hair

(Chorus)

Now she's out of trouble cos her hair is white
And the punks all think she's all right
But she is blind her face is red
Peroxide soaked into her head

(Chorus)
