

Subliminal Substances, (7) Saad

Full length road
I've dried on
How fast I go??
I don't even know
I try to reach
This reality
I've gone too far
I've lost what I had
Was it me
Or this shit is ending me
I'll do it again??

Chorus

I've lost all my faith

Breathing low
Or watching hard
Trying to find
An answer will clear your mind
And is easy to say
Not hurt ourselves
Hear and mark my words
Do you kiss to give?
Are you going through?
Are you going?

Chorus

And if you deny to hear
Then say it loud
Cuz we are more than this
And we've worked so hard""(x3)

And if you deny to hear
Then say it loud
Cuz we are more than this
I wish I could stay

Chorus
