

Subliminal Substances, Physco Funk

Hear and wake up
Wear the little make up
Put it on in you face
How is it you cut the chase?
What is it you're looking for?
Some booze, some drugs
Some hores some little noise
Hiding back and you're smocking crack
How is it that you feel?
Do you think you're fucking real?
Stop to think a little bit
What is it that you're looking for?
Stop and hear the physco funk
Stop and hear the physco funk
Go!!

Breathe and take your time
Don't let your head
Go wild in off
The crazy shit has just begun
Why is it you're looking out for fun?
Why is it they completed on?
That's why we've created the physco funk

Chorus
