

Subliminal Substances, Whats Wrong Again

Come take a look inside my head
Don't drive away
Behind the mess
That pulls way out of hell
What's wrong now?

Chorus

Come, come give it now
What's wrong ". again

I close my eyes
And I just see what I am
Strong or even weak
I don't where I fucking stand
What's wong now??

Chorus

What's wrong ""..(x8) !!!

Chorus
