Ki tanya ez a nyrf?
Nem hallatszok a kurjants
Nyrfaed, szllel inog
n a fkkal egytt ringok

Break me!
Fake me!
Irritates me
Ecstasy
Harmony
Bothering rhapsody

Ref:

Crowded all the streets
Can see only fleas
What's with all of these
Irrisistible (false) dreams

Dreams to live a life
Dreams to build a pride
Walking on the floor
Given up the fight
Once I built a fence
A protection from the sense
With a promise to believe -
Never had a pure romance

Ref

Before it turns to be late
Gotta shake yourself up
All that things around you
Getting close to the edge
Before it all gonna fade
Gotta wake your friends up
All your friends around you
Getting close to the end!

Ref

You break me!
You shake me!
You irritate me! (2x)

It is a usual late morning
Please let us sleep on the kitchen floor
Let the tribulation be our tristful pillow
And our bodies overburdened by sweet
Unconscionsness
Put off ourselves that Sober is our enemy
Strawberry is our only friend!

Darkness about to fall
And drills a terror in you
Get away, scream and crawl
Praying to get another bottle of hope, bottle of hope
Than get it!
Pulls me over makes you fly, keeps in levity
Scratch the surface, not too high
Dope! That is your designation to kill me now
I'm already dead you can't kill me!

I'm already...(6x)

Tune to a sound, that's what you are to me
Can't get rid of you Enemy!
Salt to the sea, that's what you are to me
I'm tired and say goodbye to all!
