What's with laces of my shoes  
They stuck progress to the moon  
They blocked my journey to the moon  
They blocked my struggle too

Ref:

will I reach it? you will!  
I teach it, you live  
While I reach it, you leave all these

My starship wrecked at planet torpidness

On your way...hold me!  
On your way.. hold me!

In my amusement I still hold  
that door revolving for more.  
with myself abused by my trodden roads.  
It seems pointless, I hate it !

will I reach it? you will!  
I teach it , you live  
While I reach it, you leave all these  
On your way, way, hold me,  
on your way, way, hold me!
