

# Subscribe, The Weight Of Oneness

I'm waking all alone  
all is replete around me  
(Glad to see you here again!)  
Shudder shakes my bones  
Are you still about and breathin' ?  
Am I lost in love?  
When it's concern all about me  
will I feel your warmth  
tranquilizingly

Ref:

To the dream of you and me  
to the field that constantly  
rejuvenates the weight oneness  
Take me away  
To the home of "can't be free"  
But the cage offsets me  
with the comfort of your regard for me  
(regard for me)

Stimulating fears are recovering  
all these years  
(Hope to see you here again!)  
Imperfection of them,  
triggering all these tears  
Am I lost in love?  
When it's concern all around me  
will I feel your warmth  
tranquilizingly

Ref

Are you awake?  
Are you awake and dreaming?  
Are you awake? Go dream about me!

Far away! I pray for a  
better tomorrow!  
Are you awake?  
Go dream about me!
