

Subseven, Emotion

Do I just let go?
Turn my head, say "no";
Shall I go with the flow,
Try to take control (control?)
Would it be alright
If I tried to deny
the Ghost in my life?
I don't feel so right (not so right)

[Chorus:]
Emotion
Who are you?
Emotion
Who are you?

Through darkness or light
You'll see me through!
Instill in me
What I feel in you!

These lyrics I scream,
fallin' down on me,
these visions and dreams,
what's this I see in (me)?

Are you inside my bones?
'Cause I feel you strong
everywhere I turn
Omnipresent Ghost (you're a ghost)

[Chorus, repeated several times]

crbt2('Subseven','Emotion')
